

This 'style-matrix.tex' is a usage document for 'ubc-moloch-beamer.sty'. It is based on the moloch beamer theme [1].

- The deck uses only `\UBCSetup`, `\UBCFrameSetup`, and `\UBCTitlePage`.
- Title and section cases are documented by the slide that follows them.
- Regular-frame cases carry their explanation in `\note` placed directly in the frame body.

This deck intentionally ignores thesis content and only demonstrates style behavior. Case keys:
- T = title. - S = section. - N = normal. - U = standout. Title pages now expose only the title variant. Standout frames are always dark and crest-free by package design.

ubc-moloch-beamer.sty

Case T-L: Title page, light

Style API Matrix

Theme behavior matrix

March 14, 2026

The previous slide is the real style case for this configuration.

Case T-D: Title page, dark

Style API Matrix

Theme behavior matrix

March 14, 2026

The previous slide is the real style case for this configuration.

Case S-L-OFF

The previous slide is the real style case for this configuration.

Case S-L-ON

The previous slide is the real style case for this configuration.

Case S-D-OFF

The previous slide is the real style case for this configuration.

Case S-D-ON

The previous slide is the real style case for this configuration.

Normal frame, light variant, crest request OFF.

Case N-L-ON. Input: - UBCFrameSetupvariant=light, crest=on Expected: - light body background - corner crest visible

Normal frame, light variant, crest request ON.

Normal frame, dark variant, crest request OFF.

Case N-D-OFF. Input: - UBCFrameSetupvariant=dark, crest=off Expected: - dark body background - corner crest hidden

Case N-D-ON. Input: - UBCFrameSetupvariant=dark, crest=on Expected: - dark body background - corner crest visible

Normal frame, dark variant, crest request ON.

Case U-OFF

Case U-OFF. Input: - UBCSetupnormal crest=off Expected: - dark standout style - corner crest hidden

Case U-ON

Case U-ON. Input: - UBCSetupnormal crest=on Expected: - same visual result as U-OFF -
standout frames keep the corner crest hidden by design
